CLASS WILL

We, the Class of 1948 of North Fairfield High School, of the County of Huron, and of the State of Ohio, being of sound mind and body after four strenuous years, do hereby make, publish, and declare this as our last and best will and testament; hereby revoking all former wills, bequests and devices of whatever nature or form heretofore made by us.

We, the Seniors, will to the faculty, our regular habits and the excuses we are so good about bringing from home.

To the Juniors, we extend the right to accept or reflect all carved and battered desks and all our Senior dignity.

To the Sophomores, we will our ability in long argument that never gets us anywhere and our dislike for getting down to business.

To the Freshmen, we will our fondness for coke and chewing gum, and our skill in hitting the waste baskets with paperwads.

PROPHECY

The other day, May 2, 1956 to be exact, my boss called me into his office in Los Angles and said I was to go to New York City. On the way I decided to look up my old classmates.

I didn't have to go far to find Shirley McPherson, who is in Hollywood with the rest of the people who can't make up their minds.

Next in Reno, I came across Eileen Lawrence. She said she is having more trouble getting rid of her thirteenth (husband) than the first twelve put together.

In St. Louis I ran into Jewell Patrick, who is an interior decorator for The Cozy Bird House Company. She says her work is very interesting.

Getting close to home, I saw a large sign reading: Hackett's Dairy Farm. I went in to see Jim, who was quite busy with a new invention-faucets for cows. He did have time to tell me that Bob Lee had just graduated from college with an M.D. (Municipal Dogcatcher) degree and expects to practice at North Fairfield.

When I arrived in New York, I certainly was surprised to meet Gerald Huffman and find him, like myself, a member of the F.B.I. (Federal Bureau of Idiots). We then started on one of the most mystifying cases of our careers.

Seriously, we of the Class of '48 hope to use to our best advantage, the knowledge we gained here at F.H.S.

FIRST GRADE

We have had two parties--the first on Halloween and another on Valentines Day. For Christmas we decorated our room tree and exchanged gifts. We visited the library and were shown how to take out and return books.

THIRD AND FOURTH GRADES

The third and fourth grades have enjoyed numerous parties this year, including a Halloween, Christmas, and Valentines Party. We have made various kinds of posters, including Health, Safety, and a map of Holland for geography. Special projects for spring will include, coloring of bird pictures, and making breakfast charts for the Health Club.

FIFTH GRADE

The fifth grade has been doing many things this year. At the first of the year we had Mrs. Lehn for a teacher but because of the size of the class we now have a new teacher, Mrs. Tully. In English we have been giving book reports, and in geography we are studing about Canada, Alaska, and New Founderland. We have also had a spelling test to see who is the best speller in the room.

SIXTH GRADE

We are presenting a play March 5th called "The Pest". We made doll houses, health posters, and geography maps for the fair. We have been learning to soap carve. We have been carving such things as cats, dogs, fish, and other animals. We have been working on our football game most of the year. The idea of the game is to help us keep the rules of the school and of our room. The side that loses will treat the winning side.

This semi-formal affair was enjoyed by all those present.

Our band started out this fall with a membership of 21, but by the end of the year our hopes for a 30 piece, well-balanced band should be realized. Eighteen students started taking instrumental lessons at the beginning of the year.

In the fall the Band Mothers Club sponsored a tag day and members of the band collected $104.00 during the one day drive. We are grateful for all the donations and wish to thank the people of the community for supporting them so well.

During the year the band has presented numerous concerts and the "pep" band played for two or three games.

This year the F. H. A. Club has really tried to promote interest in the art of homemaking, and the main purpose of it is, Cooking. We have served two dinners so far. The first one was for the Business Men of North Fairfield, and the second one was for the Faculty and Board Members of North Fairfield. We are trying to prove that a way to a man's heart is through his stomach. The Business Men said, "that any time the girls needed any reference as to how they could cook, just ask them."

Left to right: Ben Keefer, Wallace Grose, Roger Osborn, Charles Bischoff, Joe Holden, Lester Swaney, Charles Blysone, Don Smith, Dick Moser, Lyle Myers advisor, Walter Grose, Bud Maerkisch, Sam Risner, James Hackett, Ivan Rogers, Herbert Newmyer.

SENTENIAL:	James Hackett
ADVISOR:	Lyle Myers

Included in the various activities of the F. F. A. this year were numerous field trips. Some of the members attended the International Show at Chicago.

The class has studied everything to make better farmers for the America of tomorrow.

AIR CASTLES MAY FORMULATE A PLAN

We are proud to state that again, as P. T. A. members we are lifting our thought toward a plan by which we can have a more progressive education system.

We do not claim this plan as our own, but we do pledge our support to our Board of Education in any attempt they make toward logical and sound action involving such a project.

Perhaps in the past we have been over cautious and lost a few opportunities open to us. Perhaps it was sound business combined with caution which caused such opportunities to slip away. Perhaps a dire need had to come before us before we could be forced to take action. Again perhaps we needed a plan, a vision by which we could see our way clear toward a broader scope of education for our children.

We fail to believe as we have so often heard that the people of Fairfield Township are narrow minded and pennypinching. Because we have much proof to the contrary. There is hear-say that several persons are willing to donate any amount from $500 to $1000 for a new educational system. These are the kind of people who make up our school district.

We are appealing to you, then, to support your Board of Education as we, the Parent Teachers Association are doing. Give them your good will and discuss with them any ideas that you might have.

Maybe our Air Castles will lead to formulating a plan which will prepare ourselves for the state aid which is promised us, by Educators in the not too distant future.
